# Foreword

Australian and New Zealand Cultural Arts Limited is a non-profit examining body of the performing arts. It was formed in 1983, in response to a growing need amongst private music teachers for an examination system catering for a greater diversity of musical styles. In recognizing the vital role modern music plays, especially amongst the young, ANZCA has set out to design its syllabi to cater for both classical *and* modern streams.

ANZCA hopes to stimulate and excite musicians by providing syllabi that are at once refreshing and educational. All aspects of the syllabi, including scales, aural tests, sight reading and improvisation, have been arranged in a logical sequential order with due regard to the educational merit underlying each requirement.

Modern and classical syllabi are currently available for pianoforte, organ, guitar, singing, trumpet and flute, as well as contemporary syllabi for keyboard, mandolin, bass, drumset, trombone, clarinet, saxophone, accordion, recorder, strings and theory of music. Group examinations are offered for Classical Singing (Grade 2), Recorder (Preliminary to Grade 3), String Quartet (four levels) and Piano Duet (six levels).

The classical syllabi have been carefully compiled, with great attention being paid to setting interesting and musical pieces, especially at the junior levels. In most instruments, a *Free Choice* list from Grade Four allows students to perform a modern piece if they choose. In the modern syllabi, students are encouraged to improvise and arrange pieces, and from Grade Four can elect to play a classical piece for the *Free Choice* section.

ANZCA has been at the forefront in developing modern stream examinations in all instruments, and will continue to work on improving and extending both the classical and modern syllabi.

## GENERAL INFORMATION: STRING

---

### Technical Work

1. Technical work should be played evenly and without undue accentuation. Students are expected to observe tempo indications where given.

### Page Turning

2. Examiners are **not** to be asked to turn pages. It is the responsibility of teachers and candidates to ensure continuity of performance without disruption for page turns.

### Lists and Editions

3. Except for the *Free Choice* selection, all pieces presented must be drawn from the lists set for the respective grade.
4. Candidates must use the editions specified in the syllabi, except in cases where the original versions of classical-stream pieces are available in various editions.

### Free Choice Lists

5. ANZCA does not arbitrate on *Free Choice* selections. It is the responsibility of the teacher to ensure that the chosen solo, including a student's own composition, is of the correct standard for the grade.

### Accompaniment and Backing Tracks

6. An accompanist will be allowed in the examination room only for the performance of the accompanied pieces. The accompaniment scores must be left in the room for general knowledge purposes.
7. Recorded backing tracks may be used. It is the candidate's responsibility to provide suitable playback equipment, and tracks must be cued or instantly accessible to avoid delays in the examination room. The accompaniment score must be available in the room for general knowledge purposes.

### Diploma Examinations

8. Completed requisites must be included on the entry form.
9. Assessment: Honours, Pass or Not Satisfactory.
10. Further information on all diploma examinations is given in the *Diploma Examination Handbook*, available from the ANZCA office.

### Examination Times

11. Each examination time is printed in the syllabus beside the grade title.
12. At all levels except Diploma, the total time for **all** List pieces must be no more than **half** the examination time; eg. for a Grade Two examination (20 minutes), the List pieces must take no more than 10 minutes in total. All works (especially those with backing tracks) should be "timed" during lessons to ensure the program of pieces fits within this limit.
13. The examiner may, at his/her discretion, stop the performance of any piece. This should not be interpreted negatively by the student or teacher.

**Equipment**

14. Candidates must supply their own instrument and any additional equipment required, such as music stands, playback equipment for backing tracks, etc.

**Tuning**

15. Instruments should be tuned immediately before the examination. It is **not** the role of the examiner to tune the candidate's instrument, nor is there time to tune in the examination room (except for fine tuning to the piano where required).

Failure to observe this procedure could result, due to time constraints, in examiners being unable to hear all of the prepared work, with marks deducted accordingly.

## SIGHT READING

*TO THE*  
**STRING QUARTET SYLLABUS**

The String Quartet syllabus is divided into four levels, set as follows:

	<i>Works .....</i>			
<i>Level</i>	<i>Compulsory</i>	<i>List</i>	<i>Grade level</i>	<i>Time (mins.)</i>
Beginner	1	4 pieces	1 - 2	30
Junior	1	4 movements	3 - 4	40
Intermediate	1	2 complete quartets	6 - 7	50
Advanced	1	3 complete quartets	8 - Diploma	80

The syllabus has been designed for a quartet of two violins, viola and violoncello, although other combinations of instruments may be used.

Each examination will consist of one compulsory work and a programme of contrasting pieces selected from a set list of works or composers. The candidates must submit detailed programme notes on all works selected for the examination.

Examinations will not include Aural Tests or Sight Reading, and marks will not be allotted; there will be an overall assessment only of First Class Honours, Honours, Credit, Pass or Not Satisfactory. Each successful candidate will be issued with a certificate; however, only one overall report will be issued to the teacher.

Candidates must ensure that the duration of the prepared programme is within five to eight minutes of, but does not exceed, the time allowed for the examination.

The examination will be assessed on the following criteria:

1. The overall performance.
2. The way in which the quartet members work as a team.
3. Bowing.
4. Dynamics.
5. Interpretation.
6. The programme selected.
7. The programme notes.

The Beginner and Junior levels will be assessed by one examiner; Intermediate and Advanced levels will be assessed by two examiners, or by one examiner, with a recording being made for a second examiner.
