Drum Kit Theory

Preface

Australian and New Zealand Cultural Arts is a non-profit examining body of the performing arts. Since its foundation in 1983, it has provided teachers and students with diverse and creative syllabuses for modern, classical and integrated streams.

ANZCA is committed to supporting students and teachers in their journey, providing syllabuses that are fresh, exciting and challenging. Essential musical skills such as technique, theory, sight reading, improvisation, general knowledge and aural awareness are an integral part of the comprehensive exam model.

Set lists have been compiled to provide a range of engaging and challenging works to choose from. A *Free Choice* list is offered in every level from Preparatory, giving students and teachers even more choice.

ANZCA has also led the field in innovative Performance exams requiring only the performance of four pieces, with the choice of face-to-face or video presentation. ANZCA Go! (available from Preparatory to Grade Eight levels) gives students a further choice of uploading their pieces one at a time in video format. Using these options, students may present a mix of works from the classical and modern syllabuses (where applicable). Performance exams are now available to an Advanced Performance Diploma, based on Licentiate repertoire.

ANZCA continues to innovate with a new Pianoforte Duet syllabus from Preliminary to Advanced Performance Diploma, and a Band syllabus geared towards contemporary school ensembles.

We are proud to release a modern and interactive Teaching Qualification syllabus in three levels, from Teaching Certificate to Licentiate Teaching Diploma, carefully guiding and supporting both emerging and experienced teachers in their professional lives.

Whatever your musical goals, ANZCA is here to support, inspire and challenge.

Drum Kit: Ancillary Material

General Information

Sight Reading

Aural Tests

General Knowledge

GENERAL INFORMATION

Examination Room Requirements

1. **It is the responsibility of the teacher or examination studio to provide an appropriate environment for examination candidates.**
2. The examination room must comfortably accommodate the drum kit and a table and chair for the examiner. The room should have adequate lighting and ventilation.
3. The drum kit should be a 'standard' five-piece acoustic or electronic instrument (snare drum, two mounted toms, floor tom and bass drum), with one ride cymbal, one set of hi-hats, and **two** crash cymbals (right and left).
Note: ANZCA Drum Kit publications are written for this kit setup.
4. The instrument must be tuned, in professional working order, and of a suitable standard for the examination level. 'Practice pad' drum kits are **not** satisfactory for examination purposes.
5. The studio should also include an audio system for playing backing tracks (CD or digital file), and a sturdy, moderately-sized table or desk and chair for the examiner.
6. Special requirements (e.g. double pedals, extra cymbals, etc.) must be provided by the candidate or teacher.

Lists and Editions

7. Except for the *Free Choice* selection, all pieces must be chosen from the lists or categories set for the respective grade, using the editions specified in the syllabus.

Free Choice Lists

8. ANZCA does not arbitrate on *Free Choice* selections. It is the responsibility of the teacher to ensure that the chosen solo, including a student's own composition, is of the correct standard for the grade.

*Note: snare studies are **not** acceptable as free choice selections at any level.*

Original Compositions

9. Original compositions **must** be fully notated and presented as detailed charts.

Backing Tracks

10. Backing tracks may be used as follows:
 - From Preliminary to Grade Three, for a maximum of **two** List pieces.
 - For Grades Four to Eight, for a maximum of **three** List pieces.
(i.e. From Preliminary to Grade Eight, at least one piece must be unaccompanied.)
 - At Diploma levels, **all** Lists may include a backing track.
11. Backing tracks for selected solos from the *Drumkit Performance* grade books are available from ANZCA's website, YouTube channel and SoundCloud page.
 - These are optional; all pieces can be performed without the backing tracks.
 - Only the 'No Drums' backing tracks can be used in exams.
 - These backing tracks fit within the exam time limits; no editing is required.

12. Backing tracks for non-ANZCA pieces may require editing to fit within the time limit of the respective grade. (See *Examination Times* below.)
13. ANZCA will not provide playback equipment for backing tracks.

Theory Requisites / Prerequisites

14. For practical exams Grade Six and above, theory requisites/prerequisites apply. (Details are given at the beginning of each grade.) Two theory options are offered:
 - Drum Kit Theory: Levels One to Three, as described from page 7 of this booklet. (This option will be available from 2026.)
 - Theory of Music: Grades One to Three, as set in the Theory of Music syllabus available free of charge from the Syllabuses page of the ANZCA website (anzca.com.au/syllabuses).

Diploma Examinations

15. Any completed prerequisites must be included on the entry form.
16. Assessment: Honours, Pass or Not Satisfactory.
17. Candidates will be assessed on their ability to demonstrate through their performance:
 - A sound and proficient technique which facilitates the execution of the repertoire.
 - An understanding of the structure and content of each work.
 - Fluency and cohesion throughout each work, including the continuity and linking of sections, movements or variations where required.
 - Awareness of the correct style or character appropriate to the period or genre.
 - A confident, professional presentation with adherence to acceptable performance procedures and appearance.

Examination Times

18. Each examination time is printed in the syllabus beside the grade title.
19. For all levels/grades (except for Performance exams and Diplomas), the total time for **all** List pieces must be no more than **half** the examination time; e.g. for a Grade Two examination (20 minutes), the List pieces must take no more than 10 minutes in total. All works (especially those with backing tracks) should be 'timed' during lessons to ensure the program of pieces fits within this limit.
20. The examiner may, at his/her discretion, stop the performance of any piece. This should not be interpreted negatively by the student or teacher.
21. The teacher/studio must include with the entry form any requests for extra set-up time, e.g. for additional cymbals, changing the kit for left-handed drummers, etc.

Photocopies

22. Photocopies are allowed only as a supplement to the original book in order to eliminate page turns. Examiners will not hear or assess any ANZCA work presented from copies.

SIGHT READING

10 marks

- Examples are available in the **ANZCA Drum Kit Sight Reading and Aural Tests** book.
- The standard of sight reading is approximately two grades lower than list pieces.
- Candidates will be allowed to look over the music for a short period before commencing, and may 'ghost' (but not play) the exercise around the kit.
- The following legend illustrates the notation used in Sight Reading tests.

GENERAL KNOWLEDGE

8 marks

- Detailed guidelines are given in the **ANZCA Drum Kit General Knowledge** book.
 - At all levels, candidates should give relevant, concise answers. Where background information (such as knowledge of composers and styles) is required, candidates should limit their answers to details which are relevant to music and the composer's musical career.
 - Candidates at all levels must be able to name any signs, terms, time signatures etc. which occur in the music performed. This knowledge is not limited to that required at the corresponding theory level. Item-specific questions (e.g. re triplet, tie, accent etc.) may be asked whether or not the item appears in any of the candidate's pieces.
 - General Knowledge questions may be asked on any List piece, including Free Choice pieces, and on Technical Work studies.
-

Notes on the Format

The General Knowledge section of the examination will be presented in the format outlined in the following pages. This format is based on a set number of principal questions per level, and set wording for each question type.

1. **Number of Questions.** At all levels, the examiner will ask **four** (4) main questions. Prompting or 'follow-up' questions may be used if an answer is not adequate, with a possible deduction in marks. (Requests for a question to be repeated or clarified will **not** incur a penalty.)
2. **Wording of Questions.** Questions will be asked using the wording given in the following level/grade list. This wording has been devised to cover all requirements for the respective level. Questions are cumulative from one level to the next, so that in each grade the 'bank' of possible questions increases.

Example: For the first question listed in Introductory (see following page), the examiner will point to any sign, word or other item (appropriate to the level) on the music. The examiner will ask for the name of the item; then, where applicable, ask for the meaning. In this case the name **and** explanation will count as one 'answer', and both must be given to receive full marks for the question.

Introductory

Knowledge required: The notes, rests, values, signs and terms from the music presented for examination, as specified in ANZCA's *Drumkit Performance – Introductory* book.

Questions:

- The examiner will point to a sign or term and ask, '**What is this?**' and (if applicable) '**What does it mean?**' (Note: This counts as one question.)
- The examiner will ask of a List piece, '**How many beats are in each bar?**'
- The examiner will point to a note or rest and ask, '**What kind of note/rest is this?**' and '**How many beats is it worth?**' (Note: This counts as one question.)
- The examiner will point to a note and ask, '**What part of the drum kit do we play for this note?**'

Entry

- All Video formats must be enrolled for through the **Exam Entry** portal on the ANZCA website.
- All Video formats can be entered for at any time throughout the year.
